_____ **YES**
 _____ **NO**

California state has ensured the safety and security of minors participating in the Royal Rangers event by conducting a comprehensive background check of all the leaders listed above from my Church. By signing the release of liability, Southern Pacific District and Leaders will not be held accountable for any unforeseen incidents during the event. The leadership team will mitigate risks and ensure a careful and secure environment for the attendees. Overall, the leadership team has a responsible and caring attitude toward the welfare of the minors participating.
